PP STRAP PACKAGING SOLUTIONS

Kromb India Pvt. Ltd. is a trusted manufacturer of high-quality PP strapping designed to meet diverse industrial packaging requirements. Our PP straps deliver excellent tensile strength, uniform thickness and consistent performance, ensuring secure and reliable packaging during handling, storage and transportation.

Engineered for durability and flexibility, our PP strapping is widely used for carton box packing, pallet strapping, bundling and heavy-load applications across industries such as logistics, manufacturing, warehousing and export packaging. With superior break resistance and cost efficiency, Kromb PP straps provide a safe, economical and dependable packaging solution for global markets.

- Available in multiple widths, thicknesses & colors
- Suitable for manual & Semi-Automatic strapping machines
- Custom specifications available on request

WHY BUY FROM US?

- Consistent tensile strength in every roll
- Smooth finish – less machine & tool damage
- Uniform width & thickness – zero packing rejection
- Available in multiple sizes & colors
- Suitable for manual & machine strapping

QUICK PRODUCT SNAPSHOT

Product Range :

- PP Box Packing Strap | Manual Grade | Machine Grade

Applications :

- Carton Boxes • Logistics • Warehousing • Industrial Bundling

Grades Available :

- Virgin | Semi-Virgin | Reprocessed

RELIABLE PP STRAP FOR STRONG & SECURE PACKAGING

Cost-effective packaging solution trusted by manufacturers, logistics partners and distributors across India.

BULK SUPPLY AVAILABLE

CUSTOM SIZES ON REQUEST

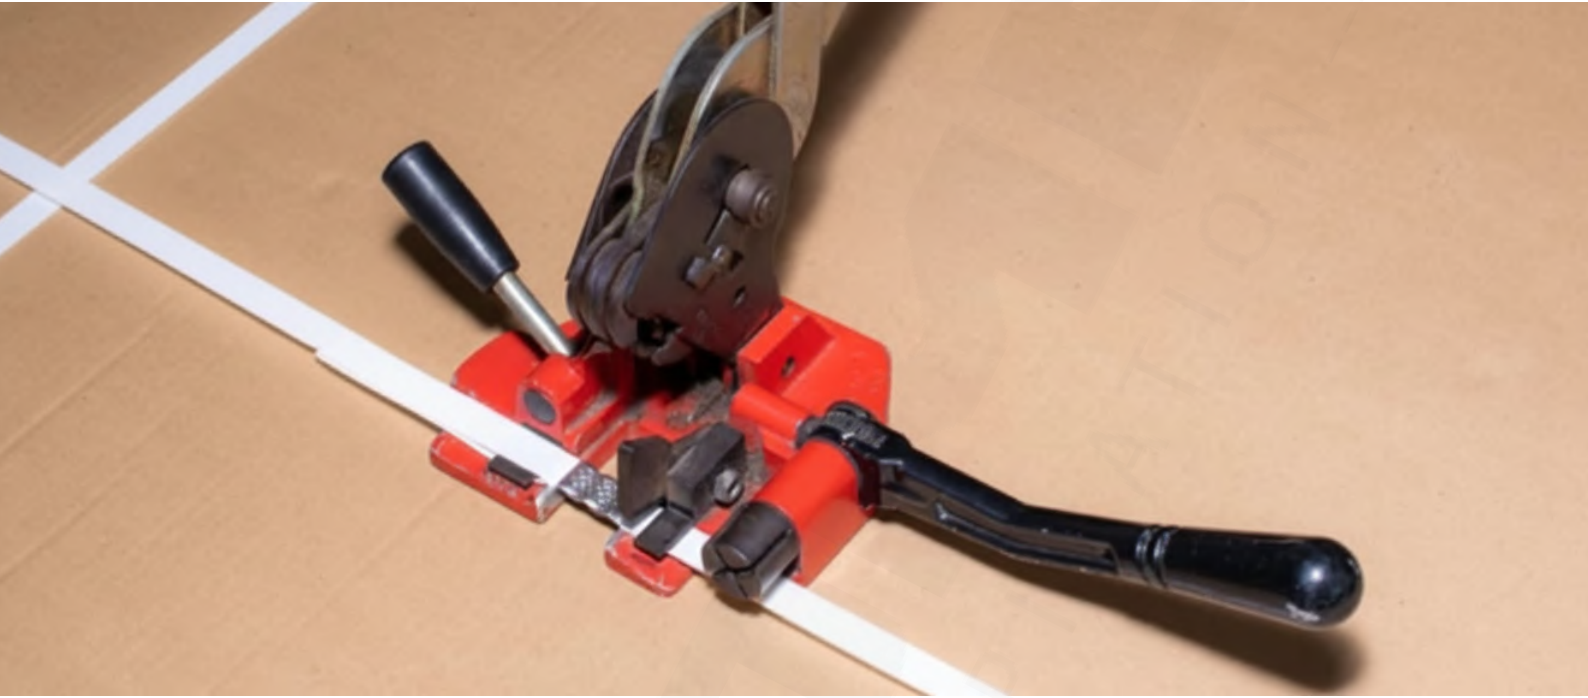

MANUAL USE

PERFECT FOR SMALL UNITS & WAREHOUSES

MANUAL GRADE PP STRAP

Easy-to-use PP strap suitable for hand tools and small to medium packing operations.

- Light weight handling
- Uniform thickness
- Consistent performance

MACHINE USE

BEST FOR HIGH-SPEED PACKING LINES

MACHINE GRADE PP STRAP

Precision-manufactured PP strap designed for automatic and semi-automatic strapping machines.

- Low friction surface
- Uniform width control
- High productivity support

VIRGIN TRANSPARENT PP STRAP

Our Virgin Transparent PP Strap is produced from 100% pure and natural polypropylene, giving it superior transparency and strength. Since no recycled or mixed material is used, the strap maintains consistent quality, smooth surface finish, and dependable load-holding capacity.

This strap is specially designed to perform efficiently on fully automatic, semi-automatic, and manual strapping machines, making it a versatile solution for various packaging requirements. Ideal for industries where clean appearance, strength, and durability are critical.

TECHNICAL SPECIFICATION

Parameter	Specification
Material	: 100% Virgin Polypropylene
Colour	: Natural Transparent
Width	: 5 mm, 9 mm, 12 mm, 15 mm, 19 mm
Thickness	: 0.5 mm – 1 mm
Surface Finish	: Embossed
Breaking Strength	: High tensile strength (as per size)
Elongation	: Controlled & uniform
Core Size	: 203mm * 187mm/165mm
Strap Type	: Fully-Automatic
Quality	: Non-recycled, No adulteration

APPLICATION OF USE

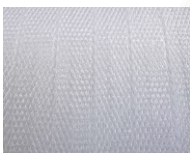

- Carton Box Packaging
- Textile & Garment Industry
- FMCG Products Packaging
- Ceramic & Tiles Industry
- Pharmaceutical Packaging
- Logistics & Warehousing
- Export Packaging

Suitable for Fully Automatic, Semi-Automatic & Manual Strapping Machines.

Key Advantages :

- 100% Virgin & Natural Transparent Material
- No recycled content, no mixing
- Strong holding & uniform performance
- Smooth finish for machine-friendly operation
- Ideal for export-quality packaging

AVAILABLE COLOUR

VIRGIN WHITE & COLOUR PP STRAP

Virgin White & Colour PP Strap is manufactured using 95% virgin polypropylene blended with 5% premium colour masterbatch and additives, ensuring consistent colour, reliable strength, and smooth performance.

This quality offers uniform thickness, clean surface finish, and dependable load-holding capacity, making it suitable for both domestic and export packaging.

Designed for fully automatic, semi-automatic, and manual strapping machines, it delivers the right balance of performance, appearance, and cost efficiency.

TECHNICAL SPECIFICATION

Parameter	Specification
Material	: 95% Virgin PP + 5% Additives
Colour	: White / Custom Colours Available
Width	: 5 mm, 9 mm, 12 mm, 15 mm, 19 mm
Thickness	: 0.5 mm – 1 mm
Surface Finish	: Embossed
Breaking Strength	: High tensile strength (as per size)
Elongation	: Controlled & uniform
Core Size	: 203mm * 187mm/ 165mm
Strap Type	Fully-Automatic
Quality	: Low-compound polymer blend, no recycled waste material

APPLICATION OF USE

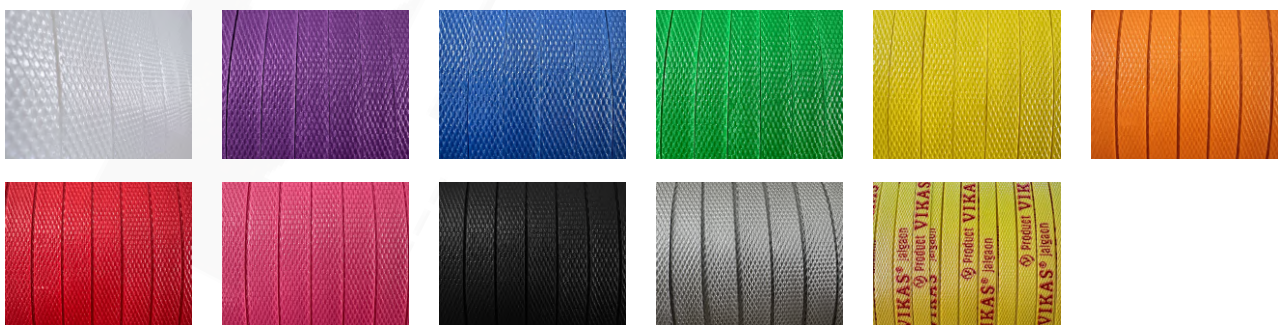

- Carton Box Packaging
- Textile & Garment Industry
- FMCG Products Packaging
- Ceramic & Tiles Industry
- Pharmaceutical Packaging
- Logistics & Warehousing
- Export & Industrial Packaging

Suitable for Fully Automatic, Semi-Automatic & Manual Strapping Machines.

Key Advantages :

- 95% Virgin PP ensures strength & reliability
- Consistent shade throughout the roll
- Better performance than recycled straps
- Smooth finish for trouble-free machine operation
- Alternative to 100% virgin transparent
- Suitable for export-quality packaging requirements

AVAILABLE COLOUR

PURE WHITE & COLOUR PP STRAP

Our Pure White & Colour PP Strap is produced using a balanced blend of 75% virgin polypropylene and 25% carefully processed recycled PP material, making it a more eco-friendly and cost-effective packaging solution.

This quality delivers stable performance, acceptable strength, and uniform colour appearance, suitable for standard packaging applications where sustainability and economy are key considerations.

Designed to work efficiently on semi-automatic and manual strapping machines, it offers reliable operation for routine packaging needs while supporting responsible material usage.

TECHNICAL SPECIFICATION

Parameter	Specification
Material	: 75% Virgin PP + 25% Reprocessed PP
Colour	: White / Standard Colours
Width	: 9 mm, 12 mm, 15 mm, 19 mm
Thickness	: 0.6 mm – 1.2 mm
Surface Finish	: Embossed
Breaking Strength	: Standard tensile strength (a p size)
Elongation	: Controlled
Core Size	: 203mm * 187mm/ 165mm
Strap Type	: Fully-Automatic & Semi-Automatic
Quality	: Economical & Eco-conscious polymer blend

APPLICATION OF USE

- Carton Box Packaging
- Textile & Garment Packaging
- FMCG Secondary Packaging
- Warehouse & Storage Packaging
- Domestic Distribution Packaging

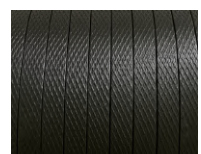

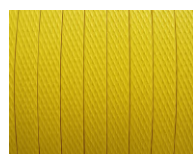

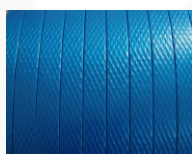

Suitable for Fully Automatic, Semi-Automatic & Manual Strapping Machines.

Key Advantages :

- Eco-friendly blend with reduced virgin material usage
- Cost-effective packaging solution
- Uniform colour & stable performance
- Suitable for regular day-to-day packaging
- Supports sustainable packaging practices

Recommended for standard packaging where economy and sustainability are preferred.

AVAILABLE COLOUR

EXTRA WHITE & COLOUR PP STRAP

Extra White & Colour PP Strap is manufactured using 50% virgin polypropylene and 50% recycled PP material, making it a highly economical and eco-conscious packaging solution.

This grade is ideal for light to medium-duty packaging, offering functional strength, acceptable finish, and consistent performance for routine applications.

Suitable for manual and semi-automatic strapping machines, it supports regular packaging needs while promoting material reuse and cost efficiency.

TECHNICAL SPECIFICATION

Parameter	Specification
Material	: 50% Virgin PP + 50% Recycled PP
Colour	: White / Standard Colours
Width	: 9 mm, 12 mm, 15 mm, 19 mm
Thickness	: 0.6 mm – 1.2 mm
Surface Finish	: Embossed
Breaking Strength	: Medium tensile strength (as per size)
Elongation	: Normal
Core Size	: 203mm * 187mm/ 165mm
Strap Type	: Fully-Automatic & Semi-Automatic
Quality	: Economy & recycled-material based

APPLICATION OF USE

- Light carton box packaging
- Local distribution packaging
- Warehouse handling & bundling
- Low-load packaging applications

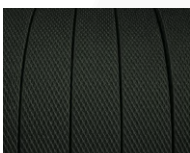

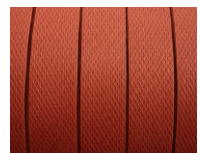

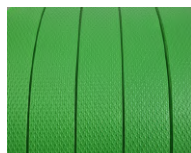

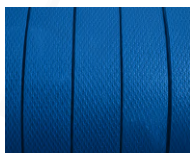

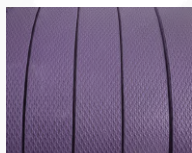

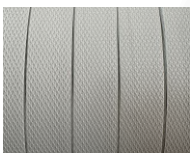

Suitable for Fully Automatic, Semi-Automatic & Manual Strapping Machines.

Key Advantages :

- Highly economical packaging solution
- Supports recycling & material reuse
- Suitable for light to medium load applications
- Consistent usability for routine packaging
- Ideal for price-sensitive markets

Best suited for economical packaging where light load strength and cost efficiency are primary requirements.

AVAILABLE COLOUR

ROYAL WHITE & COLOUR PP STRAP

Royal White & Colour PP Strap is made using 25% virgin polypropylene and 75% reprocessed PP material, offering a highly economical packaging solution.

This grade is suitable for light-duty and non-critical packaging, where cost efficiency and material reuse are priorities.

Recommended for manual strapping and price-sensitive, high-volume applications.

TECHNICAL SPECIFICATION

Parameter	Specification
Material	: 25% Virgin PP + 75% Reprocessed PP
Colour	: White / Standard Colours
Width	: 9 mm, 12 mm, 15 mm, 19 mm
Thickness	: 0.6 mm – 1.2 mm
Surface Finish	: Embossed
Breaking Strength	: Light-duty tensile strength
Elongation	: Normal
Core Size	: 203mm * 187mm/ 165mm
Strap Type	: Fully-Automatic & Semi-Automatic
Quality	: Entry-level & economy segment

APPLICATION OF USE

- Light carton box packaging
- Local & short-distance distribution
- Warehouse bundling
- Temporary or non-critical packaging

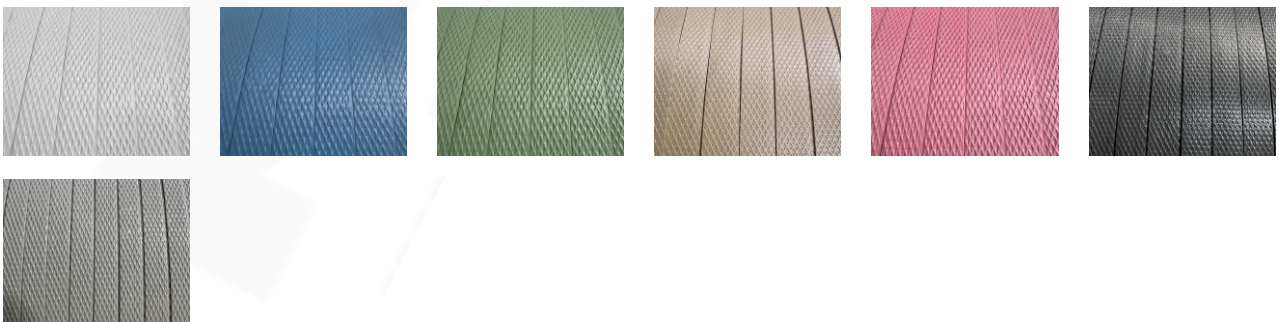

Suitable for Fully Automatic, Semi-Automatic & Manual Strapping Machines.

Key Advantages :

- Highly economical solution
- Supports recycling & material reuse
- Suitable for light-duty applications
- Ideal for price-sensitive packaging needs

Best suited for economical packaging where basic performance and cost efficiency are required.

AVAILABLE COLOUR

5-STAR WHITE & COLOUR PP STRAP

Our 5-Star White & Colour PP Strap is manufactured using 100% recycled polypropylene material, making it the most economical and environmentally responsible packaging solution in our range.

This grade is designed for very light-duty and non-critical packaging applications, where cost efficiency and sustainability are the primary considerations. It delivers basic holding performance and functional usability for routine, short-term packaging needs. Recommended mainly for manual strapping operations, this quality supports high-volume, price-sensitive packaging requirements.

TECHNICAL SPECIFICATION

Parameter	Specification
Material	: 100% Recycled PP
Colour	: White / Standard Colours
Width	: 9 mm, 12 mm, 15 mm, 19 mm
Thickness	: 0.8 mm – 1.2 mm
Surface Finish	: Embossed
Breaking Strength	: Light-duty tensile strength
Elongation	: Normal
Core Size	: 203mm/76mm * 165mm
Strap Type	: Semi-Automatic, Manual Grade
Quality	: Lowest / economy segment

APPLICATION OF USE

- Very light carton box packaging
- Local handling & temporary bundling
- Short-distance transportation
- Non-critical packaging requirements

Recommended for Semi-Automatic and Manual Strapping Only

Key Advantages :

- Lowest-cost PP strapping option
- 100% recycled & eco-conscious material
- Suitable for very light-duty use
- Ideal for high-volume, price-sensitive markets

Best suited for economical, light-duty packaging where sustainability and cost saving are key priorities.

AVAILABLE COLOUR

2-LAYER WHITE & COLOUR PP STRAP

Our 2-Layer White & Colour PP Strap is manufactured using 100% recycled polypropylene material, similar to 5-Star quality, but produced in a distinct two-layer (lined/striped) structure for visual identification.

This grade is specially designed for manual strapping applications, offering basic holding strength and functional performance for light-duty and non-critical packaging.

The dual-colour lining pattern helps in easy grade recognition and is preferred in price-sensitive markets. Recommended exclusively for manual strapping, this quality is ideal for high-volume, low-cost packaging needs.

TECHNICAL SPECIFICATION

Parameter	Specification
Material	: 100% Recycled PP
Colour	: White & Colour (Lined Pattern)
Width	: 12 mm
Thickness	: 0.8 mm – 1.2 mm
Surface Finish	: Embossed (2-Layer lined)
Breaking Strength	: Light-duty tensile strength
Elongation	: Normal
Core Size	: 76mm * 165mm
Strap Type	: Manual Grade
Quality	: Economy / Entry-level segment

APPLICATION OF USE

- Very light carton box packaging
- Manual bundling & tying
- Local handling & short-distance movement
- Temporary or non-critical packaging

Recommended Manual Strapping Only

Key Advantages :

- Most economical PP strap option
- 100% recycled & eco-conscious material
- Easy identification due to 2-layer lining pattern
- Ideal for high-volume manual usage
- Suitable for price-driven markets

Designed for manual strapping applications where minimum cost and basic performance are required.

QUALITY & SUSTAINABILITY STATEMENT

At Kromb India Pvt. Ltd., we offer a complete range of PP strapping solutions, from 100% virgin premium grades to fully recycled economical options, ensuring the right balance of strength, cost efficiency, and sustainability.

Our clearly defined quality structure enables customers to select the most suitable strap based on load requirements, machine compatibility, and budget, while supporting responsible material usage and modern packaging standards.

“PP strapping is not one-grade-fits-all — the right quality selection ensures safe, efficient, and economical packaging.”

PP STRAP QUALITY COMPARISON GUIDE

Grade Name	Material Composition	Strength Level	Machine Suitability	Environment Affect Level	Recommended Use
Virgin Transparent	100% Virgin PP	★★★★★	Fully / Semi / Manual	Lowest	Export & premium packaging
Virgin White & Colour	95% Virgin PP + 5% Colour	★★★★★	Fully / Semi / Manual	Lowest	High-quality industrial packaging
Pure White & Colour	75% Virgin PP + 25% Recycled	★★★★	Fully / Semi / Manual	Low	Regular packaging
Extra White & Colour	50% Virgin PP + 50% Recycled	★★★	Fully / Semi / Manual	Medium	Cost-effective packaging
Royal White & Colour	25% Virgin PP + 75% Recycled	★★★	Fully / Semi / Manual	Medium	Light-duty, price-sensitive packaging
5-Star White & Colour	100% Recycled PP	★★	Semi / Manual	Medium-High	Heavy duty manual packing
2-Layer White & Colour	100% Recycled PP (Striped Design)	★★	Manual	High	Manual use with visual grade identification

IMPORTANT COMMERCIAL TERMS

- Custom name or logo printing on PP straps is available at an additional cost.
- Minimum order quantity for printed PP straps is 350 kg and above.
- 5 mm width PP straps are a rare/special size; pricing for 5 mm straps will be quoted separately.
- All prices quoted are Ex-Factory.
- Taxes, packing, and transportation charges will be charged extra as applicable.
